

EscapiaNET – Finding your units online

If you recently enrolled your units into EscapiaNET, you are probably anxious to see what they look like! It takes about a week for the network partners to upload your inventory, depending on the site. The exception to this rule is our consumer website ClearStay.com. ClearStay is almost instant! Once you go through the EscapiaNET setup and you have all of the steps completed, you can go hunting for your unit on ClearStay.

Finding your units on ForGetaway.com

Go to ForGetaway.com > <http://www.forgetaway.com>

This is a pretty straightforward website for searching for your units. Click on the state where your units are located.

The screenshot shows the ForGetaway.com search interface. At the top, there is a navigation bar with the logo and three main options: "SEARCH FOR PROPERTIES", "SPECIAL OFFERS", and "LIST YOUR PROPERTIES". Below this is a large green section titled "Where do you want to go?" with a sub-header "Locate your vacation home rental getaway through our 'Map it' feature or 'Find it' by entering in your destination." Under "Map it", there is a button for "USA" (which is selected) and buttons for "CANADA", "MEXICO", "CARIBBEAN", "EUROPE", and "WORLD". A map of the United States is displayed with state abbreviations. The state of Washington (WA) is circled in red. Below the map is the "Find it" section, which includes a text input field for "Enter a destination" and a "Basic Options" section with a "Choose options" button and three filters: "Property Type", "Location Type", and "Amenities", each with a "Minimum #" label.

You can narrow your search by clicking on the specific city, instead of sifting through all the properties located in that state.

Finding your units on MountainSkiRentals.com

Go to MountainSkiRentals.com > <http://www.mountainski rentals.com>

This is another pretty general website for searching for your units. There is no hidden or easier way of locating your properties. On the U.S map on the main page, simply click on the state where you are searching for your units. It will compile a list of all the units located in that specific state, and you can search through the list to find your units. When clicking on a specific state, towards the top of the page, you can click on specific cities to narrow your search, but you can also just enter in the city in the the search bar on the main page as well.

Finding your units on AreaGuides.com

Go to AreaGuides.com > <http://www.areaguides.net>

This is another website where this is like one big hyperlink to Clearstay.com. No search results will be shown on this website. All results will be pulled up on Clearstay.

To locate where your units are on this website, enter in the destination where they are located.

AreaGuides has information about cities all across the country.
To get started, simply select the city you're interested in.

On the following page, it will pull up the general page for that city. At the top of that page click on the "Hotels" tab.

On the next page, click on the "Vacation Rentals" button. On that page, it will pull up a list of all the cities in where there are vacation rentals. So the first step of entering your specific city was somewhat pointless.

Once you click on your specific city where your units are located, it will pull up the search results on Clearstay.com.

Finding your units on CoastRentals.com

Go to CostalRentals.com > <http://www.coastrentals.com>

To locate your units on this website, it is pretty basic. Shortcut to finding your units, instead of clicking on the area map and sifting through the different cities, is just entering the name of the city in the upper right hand search bar. Start typing and if there are properties located in that city, it will give you an option to chose from the drop down bar. If there are no properties in that specific city you are searching in, it will not provide a city in the drop down bar.

On the following page, it will give you a list of all the properties in that specific area. If the list is quite long, you can refine your search by entering in # of bedrooms, bathrooms, etc. to locate a specific property.

The screenshot shows the search refinement options for "Arch Cape Beach Vacation Rentals". The search bar contains "Arch Cape, Oregon" and a "go" button. Below the search bar, there are several filters:

- Destination: Arch Cape, Oregon (with a link to "or search by keyword")
- Check-In: mmm dd, yyyy
- Check-Out: mmm dd, yyyy
- Min Beds: 0
- Min Baths: 0
- Min Sleeps: 0
- Amenities: Pet Friendly, Internet, Handicap Accessible, Book Online, Pool, Smoking Ok

A "Search" button is located at the bottom left of the refinement options.

Go to CompareAway.co.uk > <http://www.compareaway.co.uk>

Like some of the other partner websites, this is another website where all results will be directed to Clearstay.com. An easier way to pull up a full list of the properties in a specific area, instead of entering the location in the search bar at the top of the page, you can click on the country you are searching in on the lower right hand corner. When entering the specific city in the top search bar, you have to enter in specific dates, which may result in your units not appearing on the results list.

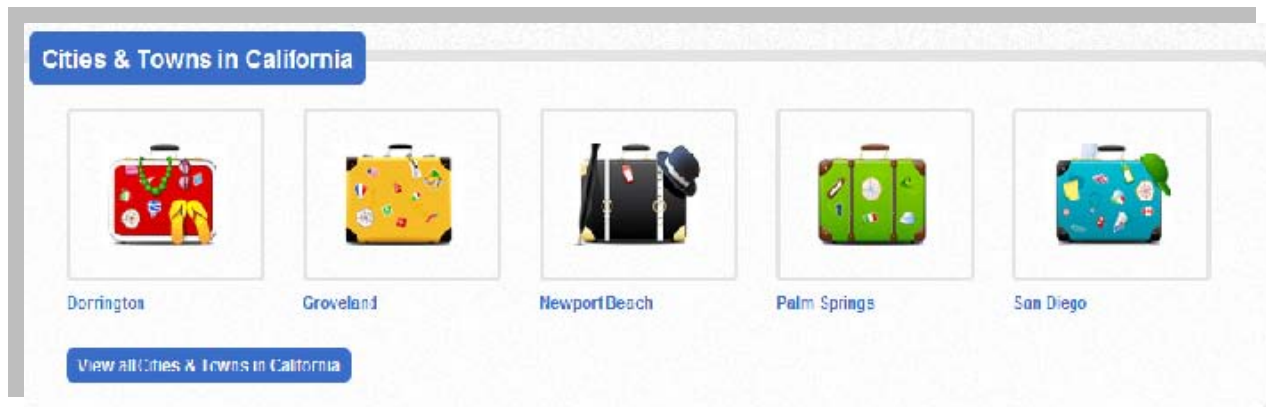

Browse Holiday Rentals by Country

Select a country below to view all the Holiday Rentals available in that area:

 Andorra	 Austria
 Balearic Islands	 Belgium
 Bulgaria	 Canada
 Canary Islands	 Croatia
 Cyprus	 Czech Republic

 Italy	 Luxembourg
 Malta	 Mexico
 Morocco	 Netherlands
 New Zealand	 Norway
 Poland	 Portugal
 Romania	 Scotland
 Slovakia	 South Africa
 Spain	 Sweden
 Switzerland	 Turkey
 United Arab Emirates UAE	 USA
 US Virgin Islands	 Wales

Once you click the specific country, it will ask what region you are looking in that country. Click on the region you are searching in. Once you choose your region, it will narrow it down by asking you which city.

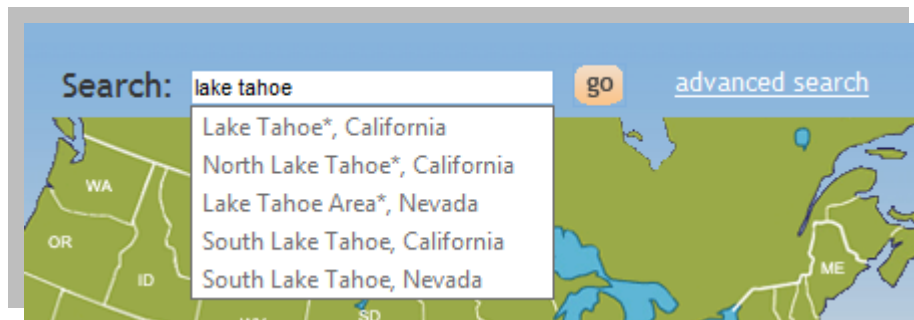

Once you choose the city, it will provide you a list of all the units in that area. Each one of the listings will redirect you to the Clearstay website.
